To Whom It May Concern,

I am writing this letter to recommend that you give a hearing to "Creation Apologetics" by Christopher Wayne Ashcraft, M.S., M.Ed. We heard his presentation in our class at Aurora Church of the Nazarene and he was very well received. [http://auroranazarene.net/acn\\_creation\\_apologetics.html](http://auroranazarene.net/acn_creation_apologetics.html)

Let me introduce myself and our class and you will get a better picture of our interaction with Chris. I majored in Physics at the University of Washington and received the Bachelor of Science degree. I received the Juris Doctor degree from South Texas College of Law and worked as a Criminal Trial Lawyer in Houston, Texas for over 10 years. I served in the US Army in Military Intelligence. My professional life consisted of a search for TRUTH. It wasn't just an esoteric academic search for some new theory. Lives depended on what I did.

In Military Intelligence, I served in the 525th Military Intelligence Group in Vietnam. The 525th is now serving in the Middle East as the 525th Battlefield Surveillance Brigade. After the 525th, I served in the Continental Intelligence Command and then the 163rd Military Intelligence Battalion. In each of these outfits, knowing the TRUTH was an absolute necessity. We gathered ALL information available whether good, bad or ambiguous and passed it on to the people who needed it to make decisions.

This is the good part: In the 163rd, I was on the team that set up Project MASSTER. This unit completely revolutionized warfare. It was supposed to test battlefield sensors and was to exist for two years. The success of this unit was so phenomenal that it is still in existence 40+ years later and has become a major Army command. You may read a little about it on the internet:

<http://www.otc.army.mil/history/history%20masster.html>

As a criminal lawyer, I had to know the absolute total truth about what happened in the cases I worked on. In both Military Intelligence and in criminal law, we had to find ALL of the information that was contrary to our position so we could defend against it. We had to know ALL of the information that supported our position so we could make good use of it. In other words, we had to know everything whether it supported or opposed us.

Christians should have the same goal. We should know ALL of the information that supports our position on creation AND the information that opposes us. Christopher Aschcraft is, in my opinion, a valuable asset in providing needed information. Other members of our class include pilots, at least 3 who held Top Secret clearances in the military and technical government fields and one retired individual who makes biological testing devices for Homeland Security. He also holds several patents on medical devices. Our class was very favorably impressed with Chris's presentation and felt it was extremely valuable.

Sincerely,

Dan Ross
